To Whom It May Concern,

I would like to take a moment to talk about my experience with Brandon McCloskey and the Website he built for me. I operate a very small business, with an even smaller budget, and not only did Brandon build me a site that got me noticed, but he did it with the knowledge that I would not be able to pay the price that such a quality site is worth. I truly feel that he went above and beyond my expectations, and put as much time and effort into my site as he does with any others.

I loved it immediately, and so did the clients that visit it. I believe strongly that not only is he talented at his craft, but he is also compassionate and generous, and I would, and I have recommended him to other business owners, big or small. I am honored to have him as my Web Master, and plan on having him build future sites for me as I expand.

Sincerely,

Tonia Haynes
