Re: Brandon McCloskey

1/1/93

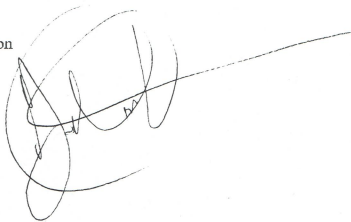

To whom it may concern,

As the owner of Keith's bakery. I would like to recommend, Brandon McCloskey to you. I feel he would be a valued Employee to any establishment. he has demonstrated that he has the capabilities to adapt to any work environment, especially food service. During his 13 month employment his duties were customer service, food prep, clean up, and other job related tasks. His attitude, appearance, and his ability to get along with co-workers was excellent.

I would like to state that Brandon's employment was terminated because my business, due to the recession, was forced to close. His employment record with us is impeccable. His patriotism and hard work ethic were of such high standards that they had to be noted here.

I feel that Brandon would be a valuable asset to any perspective employer, due to reasons stated above.

Sincerely,
Gene Hamilton
